Two years ago, Shanti merged with its long-time community-partner, PAWS (Pets Are Wonderful Support). The merged agency's mission statement is to enhance the health, quality of life and well-being of people with terminal, life-threatening or disabling illnesses or conditions. Through a continuum of services, including in-home and onsite patient and care navigation, emotional and practical support and preserving the human-animal bond, we strive to achieve the highest medical and quality of life outcomes for San Francisco's most vulnerable.
